

8(a) CONTRACTING

DOT PROCUREMENT REINVENTION EXPERIMENT No. CGFHWA01

Preface

With the advent of the National Performance Review (NPR) under the direction of Vice President Gore, the door was opened for Federal agencies to examine the way in which goods and services were procured, and to create innovative alternatives to streamline the process where needed. One of the procurement processes deemed ripe for reinvention was 8(a) contracting (Section 8(a) of the Small Business Act - 15 U.S.C. 644, as amended). The existing process was overburdened with duplicate procurement offices, Small Business Administration (SBA) and the Department of Transportation (DOT) Operating Administrations, contract documents (prime and sub-contracts), and processes (legal reviews, contract office reviews, and cost evaluations), which added little or no value. These processes simply evolved over time due to Federal regulations, organizational structure, and the relationship between the SBA and Federal agencies.

The Federal Highway Administration (FHWA) and the United States Coast Guard (USCG) joined forces to establish a task force to explore the potential for making improvements to the 8(a) contracting process. A streamlining plan was crafted and submitted to the DOT Reinvention Laboratory for consideration. It was subsequently accepted. This NPR experiment is the first involving multiple DOT administrations (FHWA/USCG) and other Federal agencies (SBA). The Task Force subsequently met with top management and legal officials at both DOT and SBA over a period of several months to structure a Memorandum of Understanding (MOU).

Simply stated, under the MOU, SBA's involvement will be limited to certifying DBE contractors under the 8(a) program, and accepting agency requirements in behalf of 8(a) contractors. The remainder of the procurement related activity, including SBA signature authority, will pass to the requiring agency with no need to revisit the SBA for further approvals. This change will effectively cut a significant amount of time off the present 8(a) contract award process by not requiring the SBA to remain in the contracting business, but instead, permitting the SBA to focus its resources on providing assistance, counseling, and training for small business firms.

A secondary attribute of the MOU is making Simplified Acquisition Procedures (SAP) available for award under the 8(a) program. SAP have traditionally not been available to 8(a) firms because the 8(a) process was too cumbersome, which defeated the advantage of SAP. Under the MOU, SAP 8(a) awards are now not only possible, but may be accomplished with the same simplified manner as all other small purchases. This new feature will make available to 8(a) firms, a significant number of requirements to which 8(a) firms have traditionally been excluded.

This procurement reinvention experiment has potential for national recognition and impact, in that it will significantly streamline the way in which Federal agencies award contracts under the 8(a) Program.

MEMORANDUM OF UNDERSTANDING
between the
U.S. SMALL BUSINESS ADMINISTRATION
and the
U.S. DEPARTMENT OF TRANSPORTATION

I. PURPOSE

The purpose of this Memorandum of Understanding (MOU) between the U.S. Small Business Administration (SBA) and the U.S. Department of Transportation (DOT) is to establish streamlining procedures for expediting the award of requirements pursuant to Section 8(a) of the Small Business Act (15 U.S.C. 644, as amended) (hereinafter the “Act”). This MOU is established in conjunction with an experiment registered with the DOT Procurement Reinvention Laboratory authorized under the National Performance Review program (attached). An objective of the Laboratory is to promote procurement process efficiencies through pilot testing of innovative ideas.

II. OBJECTIVES

- a. To reduce the interval between the time DOT sends an offering letter to SBA and SBA acceptance of the offering to a maximum of five workdays.
- b. To eliminate SBA approval of contracts executed under the authority of this MOU.
- c. To establish a uniform policy and procedure regarding application of Simplified Acquisition Procedures (SAP) to the 8(a) contracting process, where applicable.

III. SCOPE

This MOU provides for the award of both contracts and purchase orders under the provisions of Section 8(a) of the Small Business Act as implemented by the Federal Acquisition Regulation (49 C.F.R.) (FAR) and SBA’s Minority Enterprise Development Program regulations (13 C.F.R. 124).

This MOU encompasses all competitive and non-competitive acquisitions of requirements

offered by the DOT and accepted by the SBA into the 8(a) program, including but not limited to: Acquisition of Commercial Items (FAR Part 12), awards under the Simplified Acquisition Procedures (FAR Part 13), awards resulting from Sealed Bids (FAR Part 14), Contracting by Negotiation (FAR Part 15), and Construction and Architect and Engineering services (FAR Part 36).

IV. RESPONSIBILITIES

a. The SBA shall:

1. delegate to each of the following DOT Operating Administrations: Federal Highway Administration, U.S. Coast Guard, and Transportation Administrative Services Center, and any other Operating Administrations mutually agreed to by DOT and SBA and added through amendment to this MOU, with specific authority to re-delegate to warranted contracting officers, as appropriate, its authority under Section 8(a) (1) (A) of the Act to enter into prime contracts and its authority under Section 8(a) (1) (B) of the Act to subcontract the performance of that contract to an eligible 8(a) Program Participant

3. review the DOT's offer letter and issue an acceptance letter, where appropriate, within 5 working days of receipt. 4. provide 8(a) participants with assistance on proposal development and/or contract negotiations when requested;

IMPLEMENTATION PROCEDURES
for
STREAMLINING THE 8(a) CONTRACTING PROCESS

I. APPLICABILITY

These procedures implement and supplement the Memorandum of Understanding (MOU) dated January 17, 1997 (Attachment A) between the Department of Transportation (DOT) and the Small Business Administration (SBA). The MOU is presently applicable to the SBA and selected procurement offices within the Federal Highway Administration (FHWA), United States Coast Guard (USCG), and the Transportation Administrative Services Center (TASC), which are designated DOT pilot sites. These guidelines implement the intent of the MOU and apply to all new procurement requirements under the 8(a) program effective March 1, 1997 through the term of the MOU.

II. WARRANTS

Under the terms of the MOU, the Heads of Contracting Activities (HCA) of the pilot Operating Administrations (OA) have added concurrent warrants to designated DOT Contracting Officers, authorizing them to make direct awards of 8(a) contracts within their respective current warrant limits. A current list of these contracting officers has been provided to the SBA, and will be updated as required.

III. COVER PAGE

All solicitations for requirements offered to the 8(a) program under this MOU shall contain a cover sheet (Attachment B) providing information to potential offerors.

IV. GUIDELINES

The following changes to the Federal Acquisition Regulation (FAR) are required to implement the DOT/SBA MOU.

Note 1: The following changes are applicable only to requirements processed under the attached DOT/SBA MOU.

Note 2: Unless otherwise stated, the “agency contracting officer” is a DOT OA contracting officer having concurrent SBA authority to enter into direct 8(a) contracts.

12.102 Applicability

(b) INCLUDE: Subpart 19.8, The 8(a) Program.

12.203 Procedures for solicitation, evaluation, and award.

Subpart 19.800 General

(a) ADD: Pursuant to the Memorandum of Understanding (MOU) between the Department of Transportation (DOT) and the Small Business Administration (SBA), SBA delegates to the HCA’s of mutually agreed upon Operating Administrations within the DOT, its authority to contract directly with program participants under Section 8(a) of the Small Business Act.

(b) REPLACE ENTIRE PARAGRAPH WITH: Contracts may be awarded by the selected DOT procurement offices directly to eligible 8(a) contractors on either a sole source or competitive basis.

19.804-2 Agency Offering

(a) ADD: The opening paragraph of the offering letter must state that the requirement is being offered under the Department of Transportation/Small Business Administration Memorandum of Understanding for Streamlined 8(a) Contracting and identify the agency procurement office as a pilot site under the MOU. All other items of the offering letter remain in accordance with the FAR **with the exception of offering letters for requirements under FAR Part 13 (see (c)).**

(b) REPLACE ENTIRE PARAGRAPH WITH: The agency offer letter shall be sent to the SBA as follows: (1) For sole source requirements where an 8(a) participant is identified, send to the SBA's District Office (addressed to the cognizant Business Opportunity Specialist) responsible for servicing the selected participant; (2) For sole source requirements where an 8(a) participant has not been identified, send to the SBA field office that services the geographical area where the DOT procurement office is located; (3) For competitive requirements, sent to the SBA field office that services the geographical area where the DOT procurement office is located, **except** that offer letters for **construction** will be sent to the SBA field office located in the geographical area where the work will be performed. All offering letters should be faxed or e-mailed to the SBA wherever possible.

(c) NEW: **Part 13 requirements.** The award of a purchase order constitutes an offer by the Government to the contractor to perform. As such, once an 8(a) contractor has been identified, the agency contracting officer will establish the price with the selected 8(a) contractor and prepare and issue a purchase order to the 8(a) contractor in the conventional manner prescribed in Part 13, provided the applicable clauses are included as prescribed in 19.811-3. Concurrently, an offering letter (in accordance with (a) above) and a copy of the purchase order with the requisite provisions and clauses shall be faxed or e-mailed to the cognizant SBA Business Opportunity Specialist (BOS). The SBA BOS will have 5 working days to reply as to the eligibility of the 8(a) contractor. Absent a negative eligibility determination from the SBA via the agency contracting officer, the contractor may begin performance within 7 working days of receipt of the purchase order.

The

SBA shall determine the eligibility of the firm and advise the contracting officer by fax or e-mail within 5 working days. If the participant is determined ineligible, the contracting officer will submit the name of the next low bidder or next apparent successful offeror (as applicable) to the cognizant SBA field office.

As such, a single signature by the agency's contracting officer who is identified as having concurrent authority to enter into 8(a) contracts will suffice (i.e., an SBA signature will not be required). The DOT operating administration will be identified under the agency contracting officer's signature. The 8(a) contractor's signature shall be placed on the award document as the prime contractor, unless a separate continuation sheet is used (see *Optional method*). The 8(a) contractor's name and address shall be placed in the "awarded to" or "contractor name" block on the appropriate forms. ***Optional method.*** The agency may choose to utilize a continuation sheet (similar to a conventional tripartite format) if the contracting officer for the specific contract does not have concurrent 8(a) contracting authority. In this case, an agency contracting officer with concurrent 8(a) contracting authority will sign on a separate line. ***Contract Numbering.*** Except for internal SBA use, the SBA will not issue a separate SBA contract number. The Operating Administration may use its conventional contract numbering system.
